

You
let go off
my brain
I want you out of m
veins
I kick you out my friend
Won't you come back my
pain Get out my veins !
I'm done with you my pain
You let go of my brain
I've had enough If you've
seen one before, you'll see
the signs for sure
But if you're on the
shore, there's not
much you can
hope for
