

01. COMET

Sat
down
behind my
computer tell
me what do you
see ?

Am I a girl, or am I a nerd
? Is that what you think ?
Well come closer walk by my side
to know who I am.
I've got a beast who's sleeping inside,
who's out in the light

I'm Jekyll and Hyde
The beast in the light
I'm Jekyll and Hyde
The beauty in the dark

For now I've got a hold on me I've got the beast on a leash
But the more it gets to see the mob, the stronger it is.
Maybe one day I'll have to chose the kind of life I want to lose
But for now I'm balanced and I do really know who I am

I'm Jekyll and Hyde
The beast in the light
I'm Jekyll and Hyde
The beauty in the dark
The beauty in the dark, I'm the beauty... in the dark
The beauty in the dark, The beauty in the dark,
The beast in the light !

Tell me what you see
Would you say I'm more Jekyll ?
Or Hyde ? Jekyll ? Or Hyde ?
I've got the stage under my feet
I feel your eyes and energy
I'm no longer Mélanie
Let the show begin

I'm Jekyll and Hyde
The beast in the light
I'm Jekyll and Hyde
The beauty in the dark
